

SCAPE KINGSFORD

THE CHALLENGE

Across hundreds of student rooms and shared spaces, Scape Kingsford required a durable hardware solution that could withstand high use while maintaining consistency throughout.

THE SOLUTION

Entro delivered a coordinated architectural hardware package tailored to the demands of student living, with detailed scheduling helping ensure consistency across the development.

THE OUTCOME

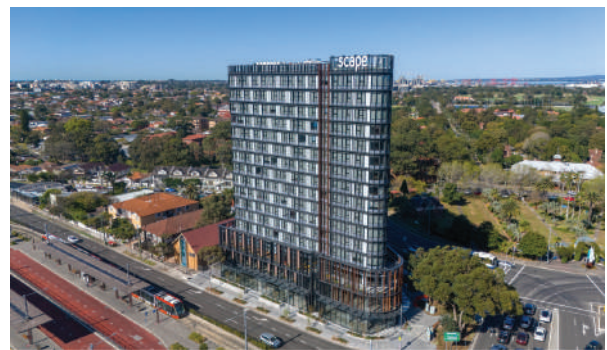

The completed hardware provides a durable and cohesive solution throughout Scape Kingsford, integrating naturally across private, communal and high-traffic spaces.

Scape Kingsford was a great example of delivering consistency and durability across a large-scale, high-use environment.
