

SIGNATURE BY STARGATE

THE CHALLENGE

Across 118 residences and shared spaces, Signature required a durable hardware solution that complemented its refined interiors while maintaining consistency throughout.

THE SOLUTION

Entro delivered a coordinated hardware package tailored to the project, balancing design, functionality and compliance across the residences and common areas.

THE OUTCOME

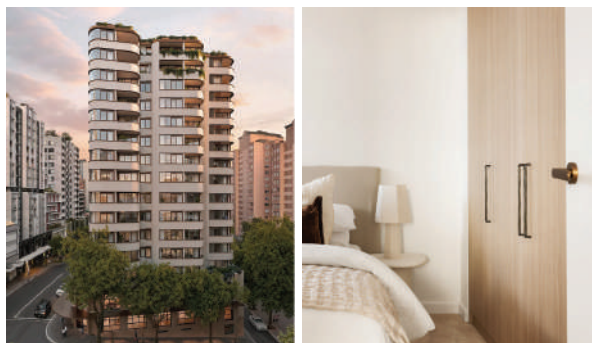

The completed integrates seamlessly throughout Signature, providing a cohesive and refined finish that supports the development's timeless residential character.

Considered hardware and close coordination were key to delivering consistency across a project of this scale.
